

Autocal/V2 Serial Number & Authorization Code Retrieval Procedure

1. Do NOT connect Autocal/ V2 until step 2 has been completed and EFI Live V8 Scan & Tune program has been successfully installed
2. Download EFI Live V8 Software here & install once download process has completed:
<http://www.efilive.com/latest/cat/download-efilive>
3. Connect Autocal/V2 to computer using supplied USB cable and wait a couple minutes for device drivers to install successfully
4. Open the EFI Live V8 Scan & Tune program (icon will be located on users' desktop)
5. Click on the F7: Licenses tab (located on the left side of the screen)
6. The Autocal/V2 serial number (required to order a new VIN license) will be displayed at the top of the pop-up window (located under the F2: Hardware tab) – Refer to Picture below

7. Click on the F3: VINs tab
8. The authorization code (required to order a new VIN license) will be displayed at the bottom of the window (as shown in Picture below)

The screenshot shows the EFILive Scan and Tune application window. The main interface has a sidebar with icons for various functions: F2: Scan, F3: Tune, F4: OBD, F5: BBX, F6: Devices, F7: Licenses (highlighted with a red box), and F8: Tools. The main window title is "FlashScan and AutoCal Licensing" and it displays a table of available licenses. The "Auth Code" field at the bottom is highlighted with a red box, showing the value "CEDE79-FA689C-A6442E".

FlashScan and AutoCal Licensing

Serial Number: 005000794284

License #	Engine	Transmission
✓ 1	Available	Available
✓ 2	Available	Available

Note: This Auth Code can be reused each time the user wishes to purchase additional VIN licenses for the device.

The Auth Code displayed will change every time the user closes this window and reopens the F7: Licenses window.
